

# BreastScreen

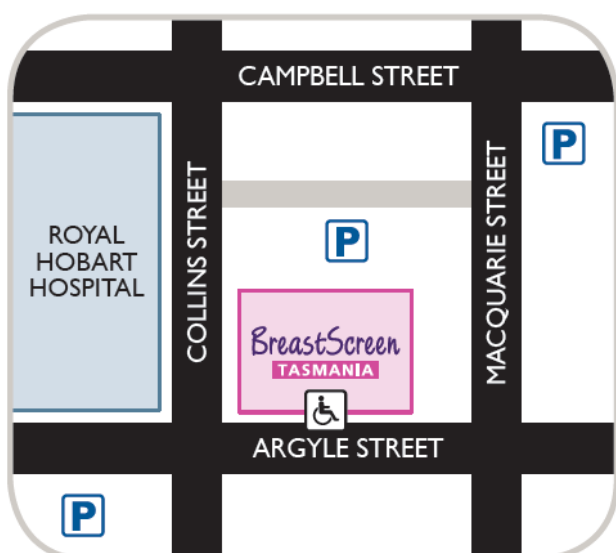

**TASMANIA**

Tasmania's only accredited screening service ...and it's free

- Screening regularly can help find cancer early so it can be treated
- BreastScreen Tasmania is a free program
- A mammogram only takes 20 minutes every 2 years
- Tasmanian women aged 50-74 should screen every two years.
- Group bookings are available: bring a friend (or three!)
- Our friendly professional female staff welcome you!

**Call 13 20 50**
